

STUDENT HANDBOOK

REVISED

FEBRUARY 2019

PROGRAM LENGTH

A student who is in need of life change does not miraculously transform overnight. Change requires a process over time, and a student must be willing to commit to whatever time is needed in order to effect change. Although many recovery programs are much shorter in length, there are no other programs that have as great a success rate as Teen Challenge. This is due, in part, to the length of the program. Many times, students who enter the Teen Challenge program have spent years trapped in their addictions, and it requires time before they are truly ready to receive the proper tools to change.

- **Teen Challenge is a minimum of one year in length.** Depending upon circumstances, program length may be extended, but will never be shortened.
- **Teen Challenge does not accept students for less than one year.** This includes enrollments that are both voluntary and court-ordered. Although the Court may impose less than a one-year adjudication, our program has a minimum length requirement of one year. If a court-ordered student still elects to enroll in the program, he must agree to serve the entire year, or whatever time it takes for completion of the program. Teen Challenge will not provide a successful completion letter, or graduation certificate to the Court for any time less than the prescribed time for that student.
- **Completion of the program is critical to the success of the student.** Therefore, it is imperative that he is supported to this end. Family members should not allow any room for discussion of removing the student from the program before he has completed all requirements of Teen Challenge. Upon enrolling a student in Teen Challenge, family members must agree that they will not assist the student in exiting the program before completion.

FAMILY RESTORATION & PARTICIPATION

It is our belief that God is the One to bring about true and lasting change within a person's heart; it is our desire to provide a setting for each student to receive spiritual guidance. It is also our desire to see entire families become spiritually alive and healthy. Pensacola Teen Challenge is committed to provide the opportunity for families to come together to worship and establish proper Christian foundations on their households through Family Day.

We welcome family members to visit. However, all potential visitors must be approved by the Admissions Coordinator. This event has been designed to include the whole family in the process of recovery. Family Day allows a time for fellowship, education and spiritual renewal for the entire family. Family Day will create a great opportunity for family members to seek solutions and answers to the issues of addiction facing the entire family.

Eligible students will be allowed passes with their families after the Family Day service. For these visitations and passes to be granted, families **MUST** attend the Family Day service as described below. Families should understand that these passes are granted contingent upon their participation and attendance in the service.

VISITATION & PASSES

Guidelines for On-Campus Visitations and Off-Campus Passes

- Families are required to attend family training prior to any on campus visitations or off campus passes. These trainings may be attended on campus or via livestream.
- Upon arrival at Family Day, family members should first check in at the front table in the front lobby of the Family Life Center.
- Family members will be required to show IDs when checking in.
- After families have completed the check- in process, they may then go into the Family Life Center.
- Following both the family training and graduation services, if the student has an off-campus pass, then they may check out with his family. They must check in at the designated time of arrival back on campus.
- Students eligible for an on-campus visit only may not leave campus.
- The over-arching purpose of Family Day is focused on the healing and restoration process between family members. Based on this fact, Teen Challenge family members should visit only with each other as the process of healing begins by communicating openly. Please do not allow other Teen Challenge students or their family members to visit with your family for an extended amount of time. Families should remain together and work on the issues of their own family. Family members outside of your own should never offer counsel to other students.
- Students may not have visitors or phone calls at their work sites, on the campus, or rendezvous at any location other than what is allowed during approved pass times.
- A student is prohibited from communicating with boyfriends/girlfriends/fiancés.
- Visitors of the opposite sex should not mix with other Teen Challenge students and must remain with family members in public areas at all times.
- A student is not allowed to visit any person of inappropriate character or any place of questionable reputation.
- A student may not have money in his possession at any time. Family and friends are requested to refrain from giving the student cash while he is on pass. A student who is found to have money in his possession when returning to Teen Challenge is subject to discipline or dismissal.
- Animals and pets are not allowed on Teen Challenge property. When visiting Teen Challenge or your family member, please leave your pets at home.
- The student is responsible to secure their transportation and communicate to appropriate staff two weeks prior to pass.
- Students must not be late in returning from passes. Returning late may jeopardize the student's next pass or other privileges, even possibly extending program time.
- Student belongings will be searched for contraband upon returning to the Teen Challenge campus.
- Upon returning to campus, a student may not be given food items or soda for future use, as all food products are not allowed in the dormitory rooms. All items of this nature left with the student will be confiscated upon his return to campus.
- A student may not smoke, use tobacco products, or use nicotine of any sort. This includes herbal chewing tobacco, and vaping.
- A student may not use drugs or alcohol, in any form, or use the following types of medications: pain medication, sleeping pills and over-the-counter sedatives. Also, a student

- may not use other drugs that are narcotic type drugs while he is in the program. If a student is under a physician's care that feels the student must take narcotic type drugs, that student should seek a medical or psychiatric facility for assistance, as Teen Challenge is not a medical facility.
- Family members may not smoke or use tobacco products while on the Teen Challenge campus. The consumption or possession of alcohol, either before picking up the student, during the pass, or returning the student to campus, is also prohibited. Family members must be free of any type of intoxicants during the student's pass. The use of alcohol or drugs by a family member while a student is on pass with them will result in that family member losing visitation and communication privileges.
 - Every Teen Challenge student is subject to random drug testing at any time. A student may be tested when he returns from pass to ensure he has abided by all Teen Challenge policies and procedures. If a student passes the tests, there will be no discipline incurred. Failing a test can result in dismissal from the program.
 - Failure by family members to respect these policies could result in loss of all future passes or dismissal of the students.
 - Personal items for students are not allowed without prior approval from staff and must be brought to staff upon arrival.
 - Families are required to attend both the family training and graduation service.
 - If families desire, they may pick up lunch off of campus and bring it back to the campus to share with their family only. Students may not leave the campus.
 - Families will be allowed an off-campus visitation on Family Day for students enrolled over 90 days and who meet the qualifications for pass.
 - Families should remain together and work on their relationships and should not become involved in other families' situations.
 - Any disciplinary write-up a student receives may result in student losing a pass.

Family Visitation Clothing Restrictions

- All persons coming on to the Teen Challenge campus must be properly clothed at all times. Family members, friends and guests should adhere to these clothing policies. Failure to heed these policies will result in a staff member requesting that you dress appropriately for the campus, or to leave the campus.

Lastly, Graduation signifies that a student is fully prepared to become a productive member of society. At this monthly service, we will celebrate not just the students' accomplishments, but also the entire family's commitment to recovery and reconciliation to Christ.
